

2025 Term 4 – Week 2 – Coden Chan

Sub-Metric 1: Component Presence – 3/5

You've successfully included Topic (Jonas, foreshadowing, pale eyes connection), Verb (hints, reveals, shows, builds, foreshadows), and Object (personality, connection between brothers, mystery about Jonas) throughout your writing. Your Detail component appears with specific textual evidence like the pale eyes, examining the apple, and playing catch with Asher. Your Effect component is emerging—you're attempting to explain significance with phrases like "reveals what Jonas future role will be" and "builds a mystery about his special perception."

Next step

Strengthen your Effect statements by being more specific about WHY these details matter. Instead of "reveals what Jonas future role going to be," try: "reveals that Jonas will become someone who questions the community's rules because he notices things others miss."

Sub-Metric 2: Density Performance – 2/5

You're making analytical observations about Jonas's character traits—his carefulness, his analytical thinking, his special connection with Gabriel. You're connecting textual evidence (apple, pale eyes) to character interpretation, which shows you understand the link between what happens and what it means.

Next step

Build your analysis across the paragraph by making each reference add NEW meaning. When you mention the apple the first time, say what it shows about Jonas being careful. When you mention it again, connect it to something different—maybe how it shows he's different from everyone else in the community. This way each sentence builds on the last rather than repeating.

Sub-Metric 3: Cohesion Performance – 2/5

Grammar strength

You're attempting complex ideas and using connectors like "therefore."

Grammar to develop

Some sentences need smoother structure. "Jonas repeated in examined the apple" needs revision for clarity.

Solution

Try connecting your TVODE parts with phrases like: "Jonas examines the apple repeatedly, which shows his analytical nature, thereby revealing his future role as someone who questions everything." Practice linking Detail to Effect with "which" or "thereby."
